

**If you didn't
have to spend
money on
textbooks,
what would you
spend it on?**

OPEN EDUCATIONAL RESOURCES

The OER Department supports faculty who want to transition their course materials to no-cost or low-cost options. We provide financial support for OER adoption or creation through the UTA CARES Grant and publishing support for OER projects designed in Pressbooks through Mavs Open Press.

The UTA CARES Grant, which awards funding for OER projects. 10 grants totaling **\$160,000 were awarded** during the 2022-2023 academic year.

Offering significant cost savings to students enrolled in low- and no-cost courses through the availability of affordable course materials. The cost savings for Fall 2022 was \$3,433,099 and \$3,156,725 for Spring 2023, **for a total of \$6,589,824.**

UTA outpaces peer institutions in the rate of publishing by publishing 26 OER to date. At least a dozen more books are currently in production.
